

GLASS MINERAL SOLUTIONS

SOLUTIONS FOR ALL

CONTAINER GLASS

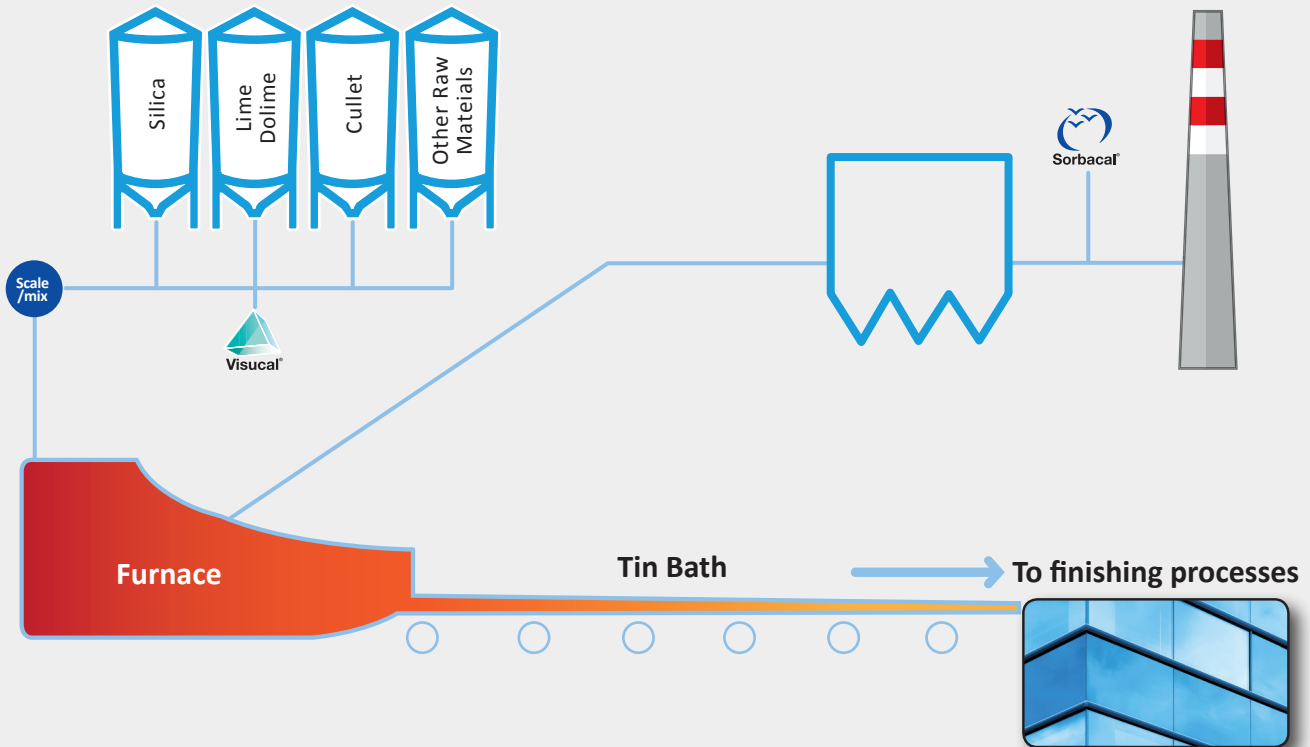

Operated with the Lhoist best-in-class reagents, the obtained bottles can be common glass, clear glass or even extra-clear glass when our low iron raw materials are used.

GLASS MANUFACTURER

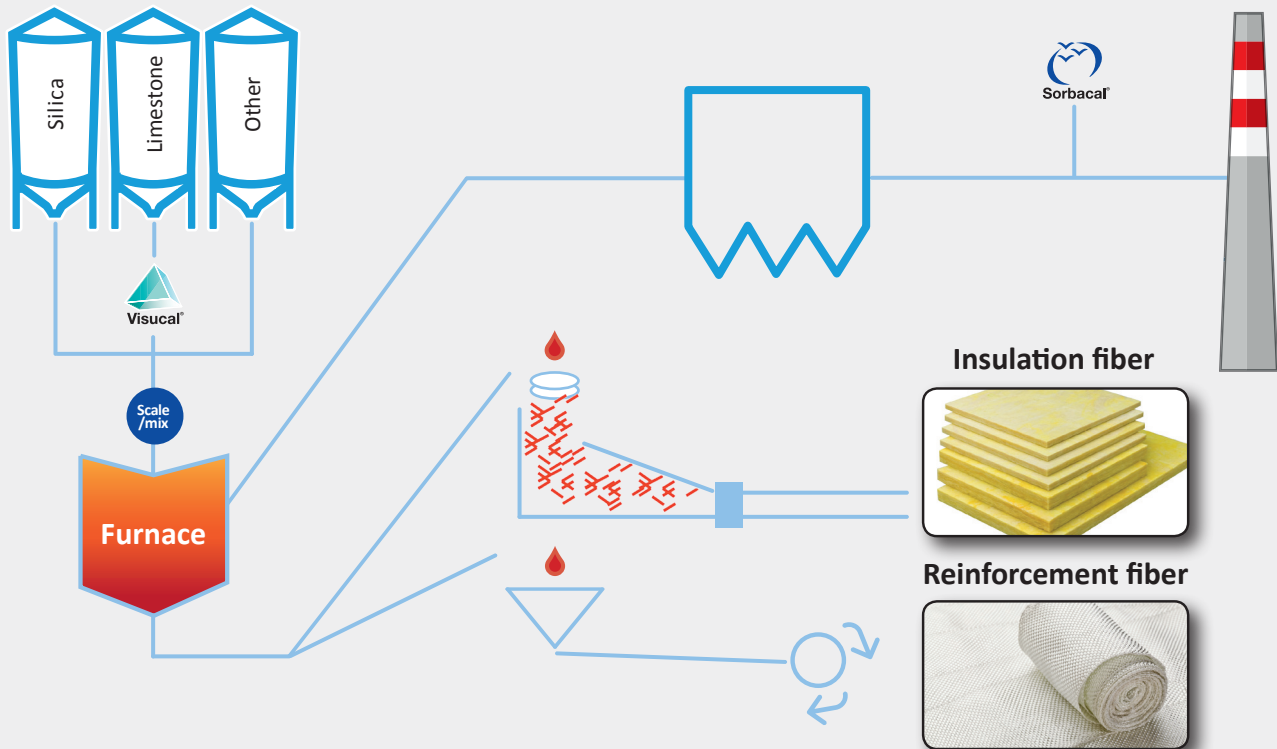

FLOAT GLASS

Lhoist high quality products are also very steady. For example, it allows float glass companies to reach best efficient ratio and avoid production waste.

FIBER GLASS

Whether you produce insulation fiber or reinforcement fiber, Lhoist provides you high quality reagents with steady sulfur content and low LOI and CO₂ values.

PRODUCT RANGE

Container Glass

Visucal® C	Limestone
Visucal® C UP	High Purity limestone with low oxyde content (iron, silica...) for extra clear glass
Visucal® D	Dolomite
Visucal® D UP	High Purity dolomite with low oxyde content (iron, silica...) for extra clear glass
Visucal® HG	Granulated hydrated lime

Float Glass

Visucal® C	Limestone
Visucal® C UP	High Purity limestone with low oxyde content (iron, silica...) for extra clear glass
Visucal® D	Dolomite
Visucal® D UP	High Purity dolomite with low oxyde content (iron, silica...) for extra clear glass
Visucal® Q	Lime
Visucal® QM	Dolomitic lime
Visucal® HG	Granulated hydrated lime

Fiber Glass

Visucal® C	Lime for insulation and reinforcement fiber
Visucal® Q UP	High Purity lime with low oxyde content (iron, sulfur, aluminium...) for reinforcement fiber

Flue Gas Treatment

Sorbacal® H	Premium grade hydrated lime
Sorbacal® SP*	High porous hydrated lime with high removal performances
Sorbacal® SPS*	Activated, highly porous hydrated lime with best-in-class removal performances

*Patented

THE LHOIST OFFER

Visucal® is a global brand of the Lhoist Group which offers you a complete solution.

Expertise

resulting from our long-term experience and worldwide network of specialists.

Reagents

selected from the Visucal® product range to meet your specific needs.

Services

offering appropriate and effective logistics, equipment and technical assistance.

Lhoist, your global partner for the glass industry

Lhoist is a multi-national company, expert in lime, dolime and mineral products. The diversity of our product range and our industrial facilities around the world allow the Group to be a key partner in multiple industries and business sectors.
